

In the Community

With more than 65,000 individual mineral owners leased in the urban area, Dale is the leader in urban development. Safety, security and quality of life are of the highest priority for Dale. Because Dale specializes in working within heavily populated urban areas, we place a strong emphasis on safety and sound abatement, using next-generation, urban-friendly sound techniques and drilling equipment.

Dale is committed to bringing value to the communities and take an active role in improving the quality of life by sponsoring local programs, funding improvement projects, and working with the residents to provide information and education about how drilling will affect the area. We provide training programs for local fire departments and develop relationships with emergency personnel.

Working closely with local community groups and neighborhood associations, we ensure that the concerns of the people are heard. Dale is the first company to offer its communities 24-hour access to a community liaison.

Donation Benefits Oakhurst Neighborhood

(Above) Dale presented a check for \$25,000 to the Oakhurst Neighborhood Association in early October. The donation will fund physical improvements for the neighborhood, including renovating the historic entrance towers.

Dale Employees Join in Hope River Run

Dale Resources is sponsoring the 8K Hope River Run in Fort Worth in March for the second straight year. Dale employees volunteered at and raced in this event that raised money for Big Brothers and Big Sisters of North Texas and Gill Children's Services.

Donations to Fort Worth Schools Helps with Reading and Technology

Dale Resources donated \$1,000 to O.D. Wyatt High School for upgrades to campus' media center. Mitchell Blvd. Elementary and Davis Elementary also received \$1,000 donations to purchase reading benches, library books, and uniforms.
